Domainehomes

Designed for modern families

The Portland is designed for families looking for a combination of focus and fun. The separate living space at the front of the house is ideal for family members to find time alone or relax in front of the TV together away from any noise in the main family area. The open plan kitchen, family and meals area is perfect for entertaining, and features a large walk in pantry, so you can stock up on groceries for a last-minute play date or elegant dinner party. And at the end of the day, parents can relax in peace in their own haven - the luxurious master suite. This home really does provide the perfect balance for the modern family.
